

Lam Research Corporation Names Steven A. Lindsay Vice President Of Corporate Marketing

Lam Research Corporation Names Steven A. Lindsay Vice President Of Corporate Marketing FREMONT, Calif., Sept. 15, 1999 - Lam Research Corporation (Nasdaq: LRCX), a leading supplier of front-end wafer processing equipment to the worldwide semiconductor manufacturing industry, today announced the appointment of Steven A. Lindsay as vice president of corporate marketing. He will report directly to James W. Bagley, chairman and chief executive officer.

Lindsay, a 32-year veteran of the semiconductor industry, has extensive management experience in all facets of marketing and sales for a global, multi-billion dollar organization. Prior to joining Lam, he held numerous executive positions in the semiconductor equipment industry. Most recently, Lindsay served as president, Applied Materials North America and group vice president, Applied Materials, Inc.

"Steve has an outstanding record of achievement in leading world-class marketing and sales organizations," said James Bagley. "His appointment further strengthens Lam's executive management team and increases our ability to build customer trust by developing and delivering products and services that meet our customers' needs."

Lam Research Corporation is a leading supplier of wafer fabrication equipment and services to the world's semiconductor industry. The company's common stock trades on the Nasdaq National Securities Market under the symbol LRCX. Lam's World Wide Web address is <http://www.lamrc.com>.
